Topics: Each of the camps throughout the year is centered on a different topic. For this camp, we will focus on developing advanced strokes while combining strong footwork with side-to-side step, lunge, short ball, moving-in, crossover step, and dealing with off-speed balls. With footwork as the focus, we will deal with many topics such as looping, blocking, pushing, counterlooping, ball placement, and game tactics. However, all of the strokes will link back to our main topics – footwork and foundational technique.
