HOW DOES IT WORK?

Each week, all players are sorted by age events and grouped into groups of four to six based on rating (i.e., the top five players in one group, the next five highest rated players in the second group, and so on). The previous week's group winners are upgraded to one group higher than they usually would have been. There will be no single elimination.

On the 3rd and 6th week of the league we will remove the age format and group players based on rating. There will be 2 events on these special weeks (Over 1300 rating & Under 1300 rating events). These events are rating based therefore Juniors and Adults may be grouped together since these will be rated events instead of age events. Based on the entries the tournament committee may switch formats. For example, on some Fridays, in the 21 and Under category, players can be grouped in sub-events such as the Under 13, Under 15, Under 17, Girls only event, and so on.

All matches will count towards your USATT league rating. You must play all the matches in your group. If you default your match, you will still lose rating points for that match.

Estimate ratings are given to unranked/new league players by league officials. Your league rating will be set to your tournament rating if you have one already. Keep in mind that league ratings are typically lower than tournament ratings since players tend to improve faster than their league ratings can keep up.

All matches are 11-point games, best 3 out of 5 games. Pre-match warm-up time is limited to 2 minutes. Players must check in with the league committee 15 minutes before starting time.

This is an official USATT event, therefore, all USATT rules shall be enforced, including legal services, coaching, breaks in-between points and sets, etc.

All league committee decisions are final.

PRIZES AND POINTS SYSTEM

Based on the place you finish each week in your group, you will be awarded league points based on the following tier system.

- First Place Group Finisher | 5 points
- Second Place Group Finisher | 3 points
- Third Place Group Finisher | 1 point
- Fourth/Fifth Place Group Finisher | 0 points
- **No attendance/default | -1 point**

The league committee tracks your performance each week, and at the end of the season, each player's points earned throughout the season are totaled to one final score. The league committee will also dispute ties between league finishers if needed.
