

Hello Michigan Table Tennis Players,

I am working on getting a large venue capable of holding 20+ tables for the 90th Michigan Closed State Tournament in April or May of 2025 over 2 days like we used to when we helped Viellette run the States. The Brighton Table Tennis Club (15 Tables, 100 barriers), as the largest Club in Michigan, is hoping to work with another Club that has 7+ tables to have the best State Tournament ever next year.

Any Club interested in joining forces to have 22+ tables at the Tournament please contact me at 810-735-7352 or email at jpinfenton@charter.net to work on a partnership. If anyone is interested to help run events at the Control desk, partial day or whole day, please contact me also. Easy work with the large print round robin sheets and individual match slips that I provide.

If I get a gym and if we were to get a partner with 10-12 Tables, the plan would be to have dedicated tables for the bracket play to efficiently move the players through the events so each event takes the minimum amount of time.

Let's have the best tournament with the most prize money ever next year!!

I look forward to hearing from any and all interested parties.

Best Regards,

Jerry Sagady

Brighton Table Tennis Club
