3 Match Formats

Giant Round Robin

Players will be grouped into five divisions based on their current USATT rating, with up to 10 players in each division. Every match will be played as the best of five (5) games, with each game played to 11 points.

Ratings & OPEN Events

All matches will be played as the best of five (5) games, with each game played to 11 points, except for the Open Division Semifinals and Finals, which will be played as the best of seven (7) games. The tournament will begin with a round-robin group stage of up to four (4) players per group. The top two (2) finishers from each group will advance to the single-elimination bracket.

Team Events

Each team consists of 2 or 3 players. For eligibility and rating purposes, a team's rating is calculated by adding the USATT ratings of its two highest-rated players. In each team match (tie), two players compete in the singles matches, while the optional third player may participate in the doubles match. The competition will use a round-robin format. Each team match is played in the following order:

1. Singles
2. Singles
3. Doubles
4. Reverse Singles (if necessary)
5. Reverse Singles (if necessary)

The first team to win three (3) matches wins the team match, and any remaining matches are not played.

Events may be modified at the discretion of the Tournament Directors.
