1. All events: Age group is determined by your age as of 12-31-2026. Matches are best of 5 games. Games are to 11 points. Places are determined by match wins/loses. In the event of a tie, game count (game wins minus game losses) will be used to break the tie. Nittaku Premium 3 star balls will be used. Joola SC3000 or equivalent tables will be used.
2. All events but the giant round robin, mixed doubles, and random draw doubles: Age groups are every 5 years starting with 50 years old (i.e. 50-54 is a single age group). Everyone in the round robin will play each other. Based on who signs up, a couple age groups may be combined in a single round robin, but 1st, 2nd, and 3rd places will be by age group only (i.e. 2 people from the 50-54 age group may be playing 2 people in the 55-59 age group in the same round robin. However, there will be a 1st and 2nd place medal for each age group even though they are in a single round robin.)
